2.7   Installing the Din-Rail Mount (optional)

The eBOX621-801-FL provides Din-Rail Mount that customers can install as below:
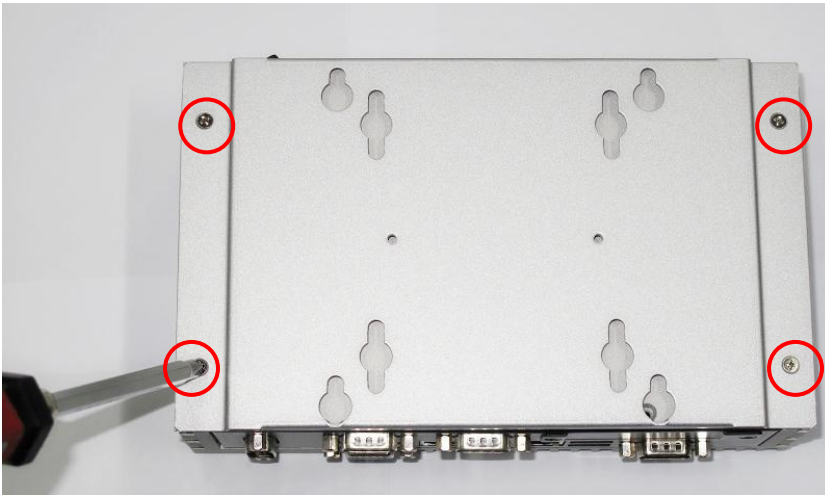

Step 1   Prepare Din-Rail Mount assembling components (screws, Din-rail and VESA mount bracket) ready.

Step 2   Loose the screw of four footpads at the bottom of eBOX621-801-FL and remove footpad.

Step 3   Fix the VESA mount to the correct location, and fasten all screws.

Step 4   Fix the Din-rail mount bracket to the correct location, and fasten all screws.
